**Experience the thrill of America's fastest-growing sport while backing the Aliso Viejo Community Foundation's annual fundraising extravaganza!**

For over three decades, the Aliso Viejo Community Foundation has been a steadfast supporter of education, physical fitness, and cultural enrichment in our community. With a legacy dating back to 1988, we've disbursed over \$450,000 in financial assistance, offering crucial financial aid to high school seniors and supporting various local school, business and community initiatives.

The proceeds from our inaugural Pickleball Tournament will further bolster our scholarship program, provide assistance for local businesses and support for local school art, theater, and sports programs. Join us in making a lasting impact on the educational and cultural landscape of Aliso Viejo!
